HARLLEESVILLE LAND FOR SALE. THE subscriber offers for sale his HARLLEES VILLE PLANTATION, containing seventeen hundred and sixty-five (1765) acres. This Land lies in Marion District, S. C., on the east side of Little Pee Dee River, immediately opposite the flourishing village of Harllees-ville; separated from said village by the run of the river, the latter being the boundary for three miles. On the prem-ises is a comfortable Dwelling House, nearly new, together with a sufficient number and variety of out-buildings. The tract contains 300 Acres of cleared land, well adapted to the raising of provision crops, and about 1,000 of the same quality. The balance, and that portion of it bordering on the river consists principally of pasture land enclosed under a fence, is capable of supporting one hundred head of cattle through the winter, and is equally suited to raising hogs and sheep. Added to the advantages already enumerated, the Turpentine business may be prosecuted with a success equal to any other place in the country. There are already about twenty-five thousand trees boxed, and have only been tended one and two years, and have yielded well. The timber business may be conducted with equal profit, as the distance to haul both turpentine and timber would not exceed I will sell the whole tract together, or divide it to suit purchasers. The terms will be made accommodating. The above property may be treated for privately until Thursday, oured me effectually. the first day of December next. If not sold prior to that time, will then be offered to the highest bidder. Persons wishing to examine the plantation will call on me at the homestead. My only reason for offering this property for sale is, that I have entirely too much capital invested in lands, and must of necessity reduce it. PETER HARLLEE.

LIPPITT'S SPECIFIC. For the Cure of Dysentery. Diarrhaa, and Summer Complaint.

In presenting this justly celebrated Medicine to the publie, we make no rash assertions of its efficacy, nor is any hope held out to the afflicted which facts do not warrant.

This remedy having been, for years, used in this place, for the cure of the above diseases and those appertaining to

the same class, the Proprietor has been induced to offer it on a more extensive scale, with a view to lessen the amount of human suffering. I have never known it to fail when the directions have been strictly adhered to.

Many useless nostrums have been palmed upon the public. nd I hesitated for some time, until thoroughy convinced of

LIP-PITT,—Dear Sir:—It is with pleasure I acknowledge the wonderful effects of your Medicine for curing Diarrheea or

Bowel complaint, as I am satisfied it was the means, under God, of saving the life, first of my Child and then of my Brother. As my Brother was given up by two of the most eminent Physicians in this place, Drs. Richardson and Wregg, and when I consulted the latter as to the propriety of trying it on him so low, he said I might to satisfy myself that I had left nothing untried, but he did not think that Medicine would be of any use to him. But thank God he was mistaken, as we saw the salutary effects in 24 hours, and in ten days he was able to be out of bed. I remain yours, very WM. BAILEY. truly and gratefully, WM. H. The little girls, with well combed hair, and clean, shining faces, bring their refreshments, and carry them to those who have not breakfasted at home, Before the empty mugs have vanisished, a boy enters the hall at a fast walk, with a bundle under his arm, of morning newspapers. This intellectual luxury, the compositors, by a friendly subscription, allow themselves to enjoy. From their connection with the different presses, they manage to obtain the very earliest copies, and thus the news of the different newspapers are critised, applauded or condemned-an hour or two before the great statesmen of the country have received the observations, the castigation, or the intelligence they contain.

One would think that compositors would be as sick of reading as a grocer's boy is of treacle; but that is not the case; it is proved that they not only willingly pay for their newspapers, but often indemnify one of their community for giving up his work, and reading his FALL AND WINTER STOCK, which he is now re- the news aloud to them while they are laboring at ceiving, and hopes by strict attention to business to merit a their work ; they will, moreover, even pay him to read to them any new book which they consider to contain interesting information.
